Maintenance:

- Avoid the use of abrasive cleaners on the hardware. Some components feature a delicate clear lacquer coating that could suffer irreparable harm from harsh chemicals. It's recommended to inform your customers that daily maintenance involving drying the hardware with a clean, soft towel. In cases where mineral deposits accumulate, create a solution by adding a few drops of mild liquid soap (such as Ivory or a comparable product) to a cup of warm water. Employ a soft, non-abrasive cloth to clean the hardware, then ensure a thorough rinse with clean, warm water, followed by proper drying.
